COMMANDER'S CORNER

Shipmates,

This is my first column as Base Commander and I want all my shipmates to know that I am honored to have the support and trust you have given to me. My service as a Submariner in the Navy was, and is, something that I look back on with both pride and dignity. My hope, as your Base Commander, is that I can bring to this position that same pride combined with my private sector life-learned organization skills and continue to carry on the tradition of the excellence of this outstanding organization.

My agenda is simple, first, I would like to expand our E-board, relieving a couple of members of multiple responsibilities and activating those who would like to help. It is my belief that the more members we have participating in sharing the work load, just that much easier it is for everyone involved. Secondly, I would like us to continue to expand our presence and involvement in the greater Sacramento area Veterans community. Our WWII brothers had a major role in this area and were highly respected. I would hope that we could work to achieve that status again. Lastly, I hope to encourage more members to participate in USSVI activities: Boat Sponsorship, convention attendance, voting for National officers, award submissions and maybe road trips to sister bases in our region. Again Thank you for your trust.

Barry Wyatt, Base Commander

OUR
CHAPLAIN

Lunch at Joe Fal-
lon's house
11/27/2000. The
Dickieson's had
been visiting
family in Placer-
ville. On the way

the airport they came to the Fallon's for lunch. Before lunch us guys sat down and talked strategy for making the ride happen. I gave them the objections the Navy might have and what to do about them. We decided to write a letter to COMSUBPAC stating our desires. We would all three sign the letter. The signed letter was mailed along with an email copy Feb 3, 2001. Feb 6th the USS Greenville sank the Japanese fishing boat killing about 9 people. The Kam and the Greenville were both in Squadron 7. It was weeks later before I got a phone message from the COMSUBPAC PR lady saying they got our letter but had been busy with Greenville incident. They were seriously considering our request.

Note

We're off to a great start for the new year. I will keep pushing for more biographies but the good news a couple of members heeded my call and you will find the "Who We Are" section back in this month's edition. Please take the time and send yours in today. Your bio should include: where you born; where you grew up; when you joined the Navy; what boats you served on, what other naval

or military service you've done, what kind of work you have done since leaving the Navy and any personal information you want to share (marriage, family, hobbies etc.) It does not need to be in story form, call me up and give me the basic information I can write it up if. **Barry Wyatt, Editor**

On The Lighter Side

A young Naval Officer was in a terrible car accident, but due to the heroics of the hospital staff the only permanent injury was the loss of one ear. Since he wasn't physically impaired he remained in the military and eventually became an Admiral.

However, during his career he was always sensitive about his appearance. One day the Admiral was interviewing two Navy Master Chiefs and a Marine Gunnery Sergeant for his personal staff. The first Master Chief was a Surface Navy type and it was a great interview. At the end of the interview the Admiral asked him, "Do you notice anything different about me?" The Master Chief answered, "Why yes. I couldn't help

but notice you are missing your starboard ear, so I don't know whether this impacts your hearing on that side." The Admiral got very angry at this lack of tact and threw him out of his office. The next candidate, was the Marine Gunnery Sergeant, when asked this same question, answered, "Well yes, you seem to be short one ear." The Admiral threw him out also. The third interview was with a Master Chief who was a qualified Submariner. He was articulate, extremely sharp, and seemed to know more than the other two put together. The Admiral wanted this guy, but went ahead with the same question. "Do you notice anything different about me?" To his surprise the Chief said, "Yes. You wear contact lenses." The Admiral was impressed and thought to himself, what an incredibly tactful Sailor. "And how do you know that?" the Admiral asked. The Chief replied, "Well sir, it's pretty hard to wear glasses with only one ear."

CalVet Veteran Homes

The mission of the CalVet Homes is "to provide the state's aged or disabled veterans with rehabilitative, residential, and medical care and services in a home-like environment." This mission acknowledges the tremendous sacrifice California veterans have made and recognizes them for their noble service to our nation.

The first Veterans Home in California was established in 1884 for Civil War veterans. Today, the CalVet Homes provide long-term care to resident veterans. The eight current Homes are a system of live-in, residential care facilities offering a comprehensive plan of medical, dental, pharmacy, rehabilitation services and social activities within a home-like, small community environment. Residents live in an atmosphere of dignity and respect—a true home for each resident veteran.

The Homes range in size from 60 residents on a 20 acre site to over 1,000 residents on 500 acres. When all eight Homes are complete, they will house and care for approximately 3,000 veterans.

Veterans who are age 55 and above and discharged from active military service under honorable conditions, are eligible to apply for admission. The age requirement is waived for disabled or homeless veterans needing long-term care. **More Information**

Who We Are

Chuck Mitchell

My name is Chuck Mitchell. My dad was in the Navy in WW1. In 1919 he caught the Spanish Flu and was sent to Mare Island to recover. He ended his Navy career serving months in the burial detail at Mare Island while the epidemic raged.

Three of my brothers served in the US Navy during WW2. One was injured during flight training and received a medical discharge. One was a V-12 Officer Candidate, an Aerologist at the Bikini Bomb Tests and was later at Moffett Field during the Korean War. And one was drafted into the Navy in 1945, at 16 ½ years old, to serve in the Deck Force on the USS Commencement Bay, an escort carrier, for the duration.

I enlisted in October 1961 in the Nuclear Power Program. After boot camp, I went to MM(A) School, then Sub School at New London, Connecticut. I was sent to the USS Catfish (SS-339) in July of 1962. In July of 1963 I was sent to NPTU A1W Idaho Falls for all of 1964. I reported to the USS Scorpion (SSN-589) in January 1965 and was discharged in August 1967.

Community Outreach

Shipmates Tim Spoon, Barry Wyatt and Les Jamison represent the Gold Country Base at the 15th annual American Heritage Day event held on Monday, Feb 20, at the Mount Vernon Memorial Park in Fair Oaks. A large crowd attended even though the weather did not cooperate. Visitors to our booth kept us busy with a string of great questions and a lot of interest about our organization and the US Navy Submarine operations.

Gold Country Base has done a great job in making sure the community know we exist by participating in parades and other public events. But The Best Membership Recruiting Tool is Word of Mouth. When You're Out and About, WEAR YOUR HAT.
