FROM OUR

More on Joe Fallon. Joe attended our meetings until spring 2001. It was in May he began having serious headaches. After going to a doctor, it was found he had a brain tumor. He died May 26th. There were a good number of us Sub Vets at his funeral. His wife, Evelyn, mentioned at

the funeral she had contacted Capt. Dickieson to get information on Joe's SINS that he loved working on. Joe was a Nav ET who was very much looking forward to riding the Kam one more time. That wasn't to be but he surely played a big part for us who did Ride just about 3 months later. I will bring photos of him to the next meeting March 25<sup>th</sup> for those who remember the name but can't put a face with it.

In Christ, Howard Grover, Chaplain

Due to my absence from the team for most of the

past few months, there is very little to report.

It is my plan to be back to battery after the coming monthly meeting. Yvonne and I have experienced a num-

ber of health issues in the past year involving both major and not so major surgeries. Mostly our own but also other members of our immediate family.

I have been able to attend two Memorial services, both well attended by Gold Country Base. Which made me very Proud.

I have some ideas to get even better attendance at extra curricular activities

and am looking forward to, hopefully, being able to implement at least some of them.

The Base is very

important to me and I apologize for my absence.

Two major moves in the past three years have taken a huge toll on me but I am getting my act back together and hope to be the COB you need and ex-**Tom Rumsey** pect.

# Lost Boats

### USS Perch (SS-176)

Lost on March 3, 1942 near Java with no immediate loss of life, while on her 1st war patrol. She survived 2 severe depth charges in less than 200 feet of water by 3 Japanese destroyers. The crew abandoned ship and scuttled her. Of the 61 officers and men taken prisoner, 55 survived the war and six died as POWs.

### **USS Grampus (SS-207)**

Lost on March 5, 1943 with the loss of 71 officers and men, on her 6th war patrol. She was lost in Vella Gulf, sunk after engaging 2 Japanese Destroyers.

### **USS H-1 (SS-28)**

Lost on March 12, 1920 with the loss of 4 men as they tried to swim to shore after grounding on a shoal off Santa Margarita Island, off the coast of Baja California, Mexico. Vestal (AR-4), pulled H-1 off the rocks in the morning of 24 March, only to have her sink 45 minutes later

in some 50 feet of water. She was originally named the USS Seawolf before becoming H-1.

### **USS Triton (SS-201)**

Lost on March 15, 1943 with the loss of 74 men. She was sunk north of the Admiralty Islands during a fight with 3 Japanese Destroyers. Triton was the 1st boat to engage the enemy in December 1941 off Wake Island, sinking 9 ships, 1 submarine and a destroyer.

# March (continued)

### **USS Kete (SS-369)**

Lost on March 20, 1945 with the loss of 87 officers and men at the end of her 2nd war patrol. Probably sunk near Okinawa, by a Japanese submarine that itself was subsequently lost.

### USS F-4 (SS-23)

Lost on March 25, 1915 with the loss of 21 men. She foundered 1.5 miles off of Honolulu when acid corrosion of the lead lining of the battery tank let seawater into the battery compartment, causing loss of control. She was raised in August 1915.

### USS Tullibee (SS-284)

Lost on March 26, 1944 with the loss of 79 officers and men, on her 4th war patrol. It's believed she was a victim of a circular run by one of her own torpedoes. The lookout was the only survivor and he survived the war as a Japanese prisoner.

### **USS Trigger (SS-237)**

Lost on March 26, 1945 with the loss of 89 officers and men, on her 12th war patrol. She was lost during a combined attack by Japanese antisubmarine vessels and aircraft. Trigger ranked 7th in total tonnage sunk and tied for 8th in number of ships sunk.

# On The Lighter Side

A Submariner in a bar leans over to the guy next to him and says, "Wanna hear a marine joke?" The guy next to him replies, "Well, before you tell that joke, you should know something. I'm 6' tall, 200 lbs, and I'm a marine. The guy sitting next to me is 6'2" tall, weighs 225, and he's a marine. The fella next to him is 6'5" tall, weighs 250, and he's also a

marine. Now, you still wanna tell that joke?" The boat sailor says, "Nah, I don't want to have to explain it three times."

# California Military Department State Military Museum Preserving California's Military Heritage

It should be noted that Museum does not glorify war. Rather, its intent is to remind this and future generations of the sacrifices made by previous generations to keep our state and nation free.

Californians have a long and proud tradition of

service that stretches back over two centuries when Alta California was a Spanish colony and later a Mexican province. Since joining the Union, California has provided more of its citizens to our common defense than any other state. From the lonely 18th century colonial presidios of the *El Real Ejército de California* (Royal Spanish Army of California) to the mountains of Afghanistan, Californians have always been there and continue the tradition of selfless service www.militarymuseum.org/
